LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

## **Don't Tell Mummy: A True Story of the Ultimate Betrayal ...**

"Don't tell Mummy", my memoir of my own childhood abuse, became a UK best seller in 2007. Writing about my experiences was hard emotionally, but in retrospect it has helped me deal with my past and realize that there is no shame in being the victim. It is never the child's fault, whatever the abuser makes them believe at the time.
